

Year 3 – Autumn Term Week	Objective (+20-30 minutes of revision daily)
1	<ul style="list-style-type: none"> • Partition 2 digit and 3 digit numbers • Count on/back in 10s and 1s – from 2 digit numbers then 3 digit numbers • Solve maths stories involving adding and subtracting 1 or 10 from 2 digit and 3 digit numbers (dienes)
2	<ul style="list-style-type: none"> • Compare and order 2 digit numbers • Compare and order 3 digit numbers • < and > • Number bonds using multiples of 10 up to 100 • Solve problems involving addition, subtraction and missing numbers
3 and 4	<ul style="list-style-type: none"> • Add a one digit number to 2 or 3 digit number • Solve all calculations below using partitioning method: • Add 2 multiples of 10 including crossing 100 (also doubles) • Add a teen number to a multiple of 10 including crossing 100 • Add a teen number to a 3 digit multiple of 10 • Add two 2 digit numbers crossing the 100 (also doubles) • Add two 3 digit numbers with 10s and Us which add to less than 9 • Add two 3 digit numbers with 10s and Us which add to more than 9 • Add two 3 digit numbers with 10s which add to more than 90 • Add two 3 digit numbers with 10s and Us which add to more than 9 • Solving word problems
5 and 6	<ul style="list-style-type: none"> • Subtract a one digit number from a 2 or 3 digit number, with and without crossing the 10 • Subtract multiples of 10 from 2 digit then 3 digit numbers, without crossing the ten • Subtract multiples of 10 from 2 digit then 3 digit numbers, crossing the ten • Subtract a multiple of 100 from a 3 digit number • Subtract two 3 digit numbers by subtracting Hs, Ts then Us. • Solving word problems – addition and subtraction
7	<ul style="list-style-type: none"> • Review quarter to and quarter past times on analogue and digital clocks • Tell the time to the nearest 5 minutes on analogue and digital clocks • Know how many seconds are in a minute / 2 minutes, how many minutes are in an hour, a.m., p.m. , calendar, days, weeks, months and years • Compare durations of events

Half term	
8	<ul style="list-style-type: none"> Recap doubling and halving Halve odd multiples of 10 and 2 digit numbers with odd multiples of 10 by partitioning
9 and 10	<ul style="list-style-type: none"> Review multiplication and corresponding division facts for 5, 10 and 2 times tables Sort multiples Abacus week 3 – Count in 4s and 8s. Begin to learn multiplication facts and derived division facts Solve word problems
11	<ul style="list-style-type: none"> Use multiples of 5 to make 100 Count in multiples of 50 and 100 Place 2 and 3 digit numbers on a number line and round to the nearest 10 and 100
12	<ul style="list-style-type: none"> Use a number line to subtract by counting on, with answers between 10 and 20, then 10 and 30 and either side of 100. Extend to use 3 digit numbers
13	<ul style="list-style-type: none"> Measure length to the nearest cm Measure length using mixed units (cm and mm) Know the relationship between units - m, cm and mm Measure length using mixed units (m and cm). Convert measurements $125\text{cm} = 1\text{m } 25\text{cm}$
14	<ul style="list-style-type: none"> Revision and Assessment
