

When I  
Am  
Happy

The bright stars shine in the night sky  
When I am happy  
And the sun warms the earth in the day.

A dolphin leaps out of the water yapping with joy  
When I am happy  
And sends droplets sparkling into the ocean.

The blossom tree glows in pink  
When I am happy  
And fills the air with the sweetest of scents.

People dance and sing  
When I am happy  
And music plays making me burst with joy.
