

## **PE Impact - Evaluation of 2016/17**

### **At the end of the 2016/17 academic year we reviewed the impact of the funding on our PE in school.**

- Staff reported increased confidence and ability to deliver good quality PE following CPD and were observed to teach outstanding lessons.
- We achieved our best PE scores yet with 93% achieving ARE in PE.
- We ensured good levels of participation of 4+ hours of physical activity across the school. In years 3-6. 96% of children were and are participating in 4+ hours of physical activity a week and in year 1 and 2 80% of all children are participating in 4+ hours of physical activity a week.
- We introduced new sports such as 'Kin Ball', Cheer Leading, Go Wild and yoga to encourage the 20 reluctant children we had identified to become engaged with physical activity. These clubs had very high attendance and of the 29 children were identified as not doing the 4+ hours of physical activity in a week at the beginning of the year, 17% of those children are now involved in continuous extra-curricular activity in July 2017.
- We held new activities throughout the year such as the 'Danceathon' where someone in the school was dancing for an entire day! We also had outside dance practitioners come in to introduce new styles of dance throughout the day.
- The entire school took part in the 'Run a Marathon as a School' event that ran throughout the year with 6 children running a whole marathon and another 74 running half a marathon by the end the year.
- We participated successfully in a greater number and range of interschool competitions such as football, athletics, handball, cricket, hockey and netball (we practised hard for the football and won the league cup!)
- We maintained an effective reporting system for all sporting activities both in school and on the website.
- We sent many more 'b' and 'c' teams to event as well as organising and participating in more friendly matches throughout the year ensuring as many children as possible were able to take part in these events. We took part in over 10 b and C team inter school activities as well as organised friendlies and skills practise events with local schools.
- We introduced 'Keep Fitter' of the week award to encourage children to be motivated in their Keep Fit activities.
- We sent KS1 children for the first time to outside sporting events to encourage a positive attitude to physical activity in the lower year groups.
- 87% of year six children were assessed to leave the school being able to swim the statutory amount according the National curriculum.
